QUESTIONS AND RESPONSES #2

Question 7: Is DHR looking for a vendor to help DHR survey the market, select the best product and then help implement that product? Or are you looking for a vendor with a product that can then help DHR implement that product? Or a further variation?

Answer: DHR expects Offerors to propose a vendor-hosted Software-As-A-Service (SaaS) or Commercially available Off The Shelf (COTS) fiscal management solution that meets the requirements contained in Attachment V. Per RFP Section 3.3.16, the Contractor is responsible for configuring and integrating its proposed solution.
